Dear Mr. Mayo,

So glad to have your letter of 22nd instant, but a great pity that we missed each other, as a matter of fact I would have liked to have a personal chat with you and meet your wife and son, perhaps another time may come along. I am returning the card and application form.

For your information we are publishing a Magazine and which will be out quite soon, I should very much like your views and other constructive ideas, if possible could you come down to see me sometime on 5th/6th Sept, if these dates are convenient to you, let me know as soon as you can, as there are other pressing appointments to be met.

The Membership Card and Badge are both very nice and I rather like them, but will discuss them when we have a chat.

Thanking you for your interest and with kind regards.

Yours sincerely,

MR MAYO  
X  
M ABBE
